

*Dear Rev. Barbara,*

*Tony and I beam and brag when we talk about our wedding, and the fact that you were so right when you claimed to be able to deliver a beautiful ceremony. The truth is that it was magical not only to us but to all our guests. We received so many compliments from the most expert of wedding aficionados. Your gracious voice and spontaneous sense of humor made us both so at ease (even though I couldn't breath!) that we could let our true love for each other shine through and really embrace that special night. We watched the video on our honeymoon propped up in bed with champagne in hand and cried all over again! Thank you so much for the most emotional, beautiful, heart felt weddings that Ive ever been to! It was the perfect wedding!*

*sincerely,*

*Tony and Stacy DeFranco*
